

**Success story:** Creating a family of companies through our Buy & Build and Do No Harm approach.

**FEB '17** The Two Roads team creates the SCA family of companies – a provider of street and highway power sweeping services to state DOT, municipalities and industrial customers.

- **16 companies** joined the SCA family, creating the largest self-performing power sweeping company in the U.S.

**GROWTH** 1,000+ Employees

800+ Trucks in Fleet

36 Locations

**ONE SCA** Implemented **safety training** programs across regions

Provided employees with a **comprehensive benefits** package

Investment into **fleet telematics** and **GPS**

In **vehicle technology** and wireless tablets provided to each driver

**NOV '19** Two Roads team exits SCA for greater than a 3.0x multiple of investment on seller rollover.

“We’ve invested in some of the oldest, most-respected companies engaged in power sweeping. Almost all of the owners of these companies are now shareholders in the larger SCA family, which creates a very talented team of regional GM’s running their businesses’ day-to-day. My job is to continue their tradition of excellence and provide the necessary resources for the combined entity to fuel growth.”

Chris Valerian, CEO
